

# The Impact of COVID-19 on Rural and Tribal Water and Wastewater Systems

## ARKANSAS

There were three instances where two respondents were located in or near the same community, but serve different populations. Three points on this map represent more than one respondent.

**58** respondents

**98%** of respondents were small systems (n = 56)  
**≈ 2,300** residents  
 Average system size of respondent

**FACILITIES TYPE:**  
**29%** water | **62%** both  
**9%** wastewater

**3-4:** Average full-time staff size  
 Many supplement with part-time, contract or volunteer staff

Has the COVID-19 pandemic negatively impacted your system's financial position, or do you anticipate negative impacts?  
**67% : Yes**  
**23% : No**  
**10% : Not sure**

**FINANCIAL VIABILITY**  
 How long respondents can continue to pay for all system expenses under the current financial circumstances due to COVID-19:

N/A: Already could not cover all costs  
 Less than 2 months  
 2 to 6 months  
 7 to 12 months  
 More than a year  
 Don't know/ too early to tell  
 Don't want to answer

**31% of all AR respondents cannot sustain losses for more than six months of current financial conditions**

**76% of small systems** indicated they experienced a **decrease in revenues**, comparing April 2019 to April 2020 (n = 33)

**\$3,128**  
 AR small system respondent median monthly revenue decrease (n = 25)

Challenges faced because of financial conditions: **Maintaining their system** • **Delays/limitations to capital improvement**  
**Paying bills** • **Paying staff**

**About the survey:** In early May, the RCAP Network surveyed communities to understand the financial impact of the COVID-19 pandemic on rural and tribal water and wastewater systems. Results are from systems the RCAP Network serves and are not representative of all small systems. These results, however, provide an important snapshot of rural and tribal experiences so policymakers can make informed decisions on how to address these issues during COVID-19 recovery.

**Communities Unlimited, the Southern RCAP**, serves seven states in the southern United States, an area with many rural communities, a high minority population, high poverty and food insecurity. Through human connection and ingenuity, combined with cutting-edge technology and expertise, CU reveals the unlimited potential in the people and in the places with which they work. **Visit [communitiesu.org](http://communitiesu.org) for more info.**
