

The Impact of COVID-19 on Rural and Tribal Water and Wastewater Systems

MISSOURI

11 respondents

100% of respondents were small systems
 ≈ **633** residents
 Average system size of respondent

FACILITIES TYPE:
27% water | **64%** both
9% wastewater

>1: Average full-time staff size
 Many supplement with part-time, contract or volunteer staff

Has the COVID-19 pandemic negatively impacted your system's financial position, or do you anticipate negative impacts?
18% : Yes
46% : No
36% : Not sure

FINANCIAL VIABILITY

How long respondents can continue to pay for all system expenses under the current financial circumstances due to COVID-19:

- N/A: Already could not cover all costs
- Less than 2 months
- 2 to 6 months
- 7 to 12 months
- More than a year
- Don't know/ too early to tell
- Don't want to answer

36% of respondents are not sure how long they can cover all costs under current financial conditions

1 small system respondent provided detailed financial info and indicated their revenue **decreased** when comparing April 2019 to April 2020. 1 respondent indicated **no change** in their monthly revenue. (n = 2)

\$1,750
 small system respondent median monthly revenue decrease (n = 1)

- Challenges faced because of financial conditions:
- Paying back existing debt
 - Delays/limitations to capital improvement
 - Maintaining their system

About the survey: In early May, the RCAP Network surveyed communities to understand the financial impact of the COVID-19 pandemic on rural and tribal water and wastewater systems. Results are from systems the RCAP Network serves and are not representative of all small systems. These results, however, provide an important snapshot of rural and tribal experiences so policymakers can make informed decisions on how to address these issues during COVID-19 recovery.

The Midwest Assistance Program, the Midwest RCAP, has been helping communities and tribal nations find solutions to their infrastructure and development needs through information, resource management, expertise, and technical assistance since 1979. MAP provides solutions to rural communities and tribal nations each year in 9 midwestern and western states. Communities are revitalized through help from MAP, which then strengthens the future and vitality of rural America. **Visit map-inc.org for more info.**
