About the survey: In early May, the RCAP Network surveyed communities to understand the financial impact of the COVID-19 pandemic on rural and tribal water and wastewater systems. Results are from systems the RCAP Network serves and are not representative of all small systems. These results, however, provide an important snapshot of rural and tribal experiences so policymakers can make informed decisions on how to address these issues during COVID-19 recovery.

RCAP Solutions, the Northeast RCAP, serves all six New England states, New York, New Jersey, Pennsylvania, Puerto Rico and the U.S.Virgin Islands.
